Instructions to Authors

To facilitate the formatting of your paper please download the template. This template provides the margins and formats to be used in typing your manuscript. For a sample of the form to be employed for writing the manuscript please refer to "Sample Manuscript".

The language for all papers is English. The complete manuscript shall not exceed a total number of 12 pages including figures and references. The typing area (margins 3 cm at the top, 1.5 cm all other sides) as provided by the template should be fully utilized.

To facilitate putting the proceedings into print no additional information (date, reference of file number, page number etc) should be inserted neither on the top nor on the bottom of the pages of your manuscript. Please note that the use of color is not foreseen in the printed version.

Lettering: Note that the format calls for lettering style "Arial" and letter size 11 pt. Line spacing is exactly 15 pt. The **title** is to be typed in bold letters with size 15 pt (leading 24 pt and 48 pt paragraph spacing after) followed by the **authors'** names (letter size 15 pt, leading 24 pt and 24 pt paragraph spacing after)

and **affiliation(s)** (letter size 11 pt, spacing 15 pt and 6 pt paragraph spacing after) followed by a blank line. For these and all other formats, please refer to Table I.

For eventual need of minor editing it should be **not write-protected**. Fonts except Arial have to be embedded into the pdf-file.
